TOPIC: [Write the Topic Name Here]

1. INTRODUCTION — What is the topic?

[TOPIC] is a common and serious problem in our country. It is a matter of great concern for all of us. It affects our daily life in many ways. Nowadays, this problem is increasing day by day. We should take it seriously and try to solve it.
[ADD 1–2 SENTENCES: Explain what it is, where it happens, or why it is important.]

2. CAUSES — Why does it happen?

There are several causes behind this problem. The main causes are lack of awareness, carelessness, and lack of proper knowledge. Besides, some people are not aware of its bad effects. As a result, this problem is increasing day by day.
[ADD 2–3 SENTENCES: Write the main causes of this topic.]

3. EFFECTS — What harm does it cause?

This problem has many bad effects on our life and society. It causes a lot of suffering to people. It also creates different problems in our daily life. If we do not control it, the situation may become worse.
[ADD 2–3 SENTENCES: Write the main effects or harms of this topic.]

4. SOLUTIONS — How can we solve it?

We should take proper steps to solve this problem. The government should take necessary action and make people aware of it. We should also be careful and perform our duties properly. Students, teachers, and the general public should work together to solve this problem.
[ADD 1–2 SENTENCES: Write suitable solutions for this topic.]

5. CONCLUSION — Finish the paragraph

In conclusion, [TOPIC] is a serious problem that needs our attention. We should not ignore it. Everyone should come forward to solve this problem. With proper steps and public awareness, we can make our country a better place to live in.

HOW TO USE: Memorize the black sentences. Replace the yellow instructions with topic-specific sentences in the exam. Do not write the instructions themselves.

Remember: Introduction → Causes → Effects → Solutions → Conclusion
